## Experience /

**[Consultant]**

**2017.06 - now**

**Tech Consultant / Architect @ Inbound Tech Inc.**

The one-year-old startup is aiming break-up and depressed people and helps them with easy-to-understand professional Psychology advices, hosting events, publishing articles, and online questionnaires.

I'm in charge of website renovation. They started business by Wordpress, and they're facing a scaling problem. I lead team of one PT and one intern to develop new website.

**[Full-time Contractor]**

**2016.01 - 2016.12**

**Full-stack Web Developer @ MediaTek Inc.**

We worked on a web-based dashboard for a wearable device developed and produced by the company.

Besides a great leap on developing skills, we adopted scrum and great CI/CD workflow, so that I gained knowledge about these techniques, which I later introduced to my side project.

**[Intern]**

**2015.07 - 2015.08**

**Full-stack Web Developer @ Codementor Inc.**

I was a summer intern in charge of renovation for blog (currently named community) and organizing website stats on admin panel.

**[Lecturer]**

**2015.12**

**Guest Lecturer @ NTU Finance Service Group**

I was invited to give lectures about insurance, personal and family financial planning.

**[Full-time]**

**2012.06 - 2015.06**

**Sales Agent @ Fubon Life Insurance**

I worked as sales agent mainly sells life, property, and investment insurance. And I was awarded 2015 AAP Award by the company, and treated a 5-day trip to Lijiang, China.

**[Part-time]**

**2014.05 - 2014.12**

**Art Design Passion Worker Magazine**

Passion Worker Magazine is an official publication by Career Center of National Taiwan University. I worked as editor and art design in 2015 Passion Worker Magazine.
